## PRESENTATION INFORMATION

#### <u>TYPE OF PRESENTATION for Single-Presentation Session</u>.

- ~ <u>Talk (Non-Research)</u>: 30 minutes (20 plus 10 for Q&A) that will be assigned to a 60- or 90-minute symposium of similar presentations. Additional time is rarely available, but you may submit a request in the Special Requests box below, understanding that acceptance may only be for the 30-minute time slot.
  - ~ Morning Dream Group: Four daily 1-hour experiential sessions for the sole purpose of sharing and working on the

nighttime dreams of the participants. It is NOT a session for lecturing other than introducing the participants to the approach. Certain experiential morning or daily body/mind sessions such as a Yoga or Body Work, may be considered.

- ~ <u>Workshop:</u> 60-minute or 90-minute interactive session that includes discussion and experiential exercises to actively involve participants and demonstrate dreamwork techniques, theories, or concepts that address personal growth or professional development. Lecture portions are not to exceed 1/3 of the total workshop time. If you do wish to propose a mostly lecture-based training workshop, <u>you must clearly state that</u> and it still must contain periods of audience interaction and/or exercises but understand that acceptance of that format is less likely.
- ~ <u>Special Event:</u> Up to 1-hour entertaining event (artistic, a short film, uniquely innovative, group enacted or participatory) by one or more presenters/co-presenters who are participating in the SAME activity. This is NOT for requesting a longer lecture-type presentation.
- ~ <u>Poster Paper:</u> Theory or research poster presentation by single or multiple presenter(s) or co-authors to be posted on a foam board provided by IASD (33in x 46in) and easel with presenter(s) available for discussion during a 90 minute formal session. Posters will remain available for viewing and discussions with the presenters as available the remainder of the day. Poster sessions are not recorded.
